

Letter of Compliance  
August 13, 2013

Mr. Arthur Palmer  
AP Enterprises, LLC  
28 Teal Drive  
Wakefield, RI 02879

Re: Inspection of July 22, 2013

Dear Mr. Palmer:

On July 17, 2013, you received a Letter of Non-Compliance as a result of sampling done to indicate that soils with arsenic levels in excess of 7 mg/kg had not been adequately covered.

As a result of an inspection and sampling conducted on July 17, 2013, it has been determined that the site is in compliance with the requirements set forth by the Department of Environmental Management in the Letter of Non-Compliance. Specifically, the soils in question have been covered with soils meeting the criteria outlined in the beneficial use determination.

Please be advised that you are responsible for continued compliance with all of the conditions of your 2012 Beneficial Use Determination Renewal and the 2010 Remedial Approval Letter, as well, as all applicable Regulations.

If you have any questions or are in need of any clarification regarding this document, please contact me by telephone at (401) 222-2797 ext. 7112 or by email at [mark.dennen@dem.ri.gov](mailto:mark.dennen@dem.ri.gov).

Sincerely,

Authorized by,

Mark M. Dennen, C.P.G.  
Principal Environmental Scientist  
Office of Waste Management

Laurie Grandchamp, P.E.  
Supervising Engineer  
Office of Waste Management
